Acabados

Legno profumato, tagliato, piallato, pressato, piegato.
Ridotto in fogli o in solide forme.
Il rumore della segheria è frastornante.

L'acciaio, elemento modulare che si trasforma in linee flessuose e morbide anche ispirate alle forme della natura che abbracciano e avvolgono il corpo per accoglierlo e sostenerlo nell'incavo di una simbolica corazza protettiva.

Lo scheletro essenziale, con i vuoti e i pieni, i chiaro scuri, elementi perfetti che si incastrano come in un ingegnoso meccanismo, è pronto.

In tappezzeria si sente il fruscio delle forbici che scivolano veloci sui tessuti e il ritmo delle macchine da cucire che, seguendo le forme sinuose dei modelli, accoppiano colori sgargianti cucendoli insieme.

L'odore delle vernici è penetrante. Il guscio morbido e multicolore si adatta come un abito, unico e personalissimo, al corpo lineare, alla forma dinamica.

Il risultato è sorprendente.
Silenzio... si accendano le luci...
Questo è ora il nuovo corso della collezione SPO!

Fragrant wood, cut, smoothed, pressed, folded.
Reduced into sheets or in solid forms.
The noise in the sawmill is deafening.

Steel, a modular element that turns into soft and sinuous lines, inspired by the shapes of nature, embracing and enveloping the body to accommodate and support it as if it were in the hollow of a protective armor.

The basic structure, with empty and full, light and dark parts, perfect components that fit together like in a faultless mechanism, is ready.

In the upholstery workshop you can hear the rustle of scissors glide fast on the fabrics and the rhythm of sewing machines, which, following the sinuous shapes of the models, couple bright colors by stitching them together.

The smell of the varnish is pervasive. The soft and multicolored shell fits like a dress, unique and very personal, to the linear body, to the dynamic shape.

The result is surprising.
Silence please... the lights are on...
This is now the new course of SPO collection!
